## Introducing *Santa's Woodsman*

E. Gale Buck

Current Heir to the Lineage of  
Santa's Woodsmen

A Quiet Tradition of Service to the  
Requests of St. Nicholas.

For over 150 years the Woodsmen  
have quietly assisted Saint  
Nicholas in sharing the Magic of  
Christmas throughout the year  
with all people.

The current Woodsman invites you to share the Magic of  
Christmas with Your Community through a presentation that will  
make You a Believer.

E. Gale Buck is a member of Professional Santa Groups, including  
The Long Leaf Pines Santas and Triangle Santa Buddies. With  
over fifteen years of experience in group presentations, he is able  
to bring to life the Magic that is Christmas in Everyday Life.

Author of *The Woodsman's Tale*, share your life without  
*expectation*, the story of the first Woodsman and *Finding  
Nicholas - secrets of santa revealed by his woodsmen*, Gale's  
talents as writer and storyteller will delight and entrance any  
audience.

*The Magic of Believing* is told in Two Formats (no two presentations are identical):

*The Magic of Christmas* - what is there about Christmastime that is SO Magical? Find out how to carry this Magic throughout the year. Meet Saint Nicholas as you have never seen him before. Take a magical sleigh ride that will open your eyes to wonders that surround you everyday.

*A Day with Santa* - learn some of the secrets of Santa (he has given me permission to tell), his special reindeer, the incredible sleigh, his favorite drink, and how to recognize Saint Nicholas without the "red suit".

All presentations include a brief history of The Woodsman Tradition and the gift Nicholas loves to give.
